COMMENTS: TT Tori/Barry at yard-ignition switch and batteries have been replaced. Coolant added. Unit cranks but won't start. Sounds as if it's not even trying to start and could be related to what the lessee had advised: believes the oil pump is bad and it's tied into the fuel system. Asked if it needed fuel. Barry said the unit has fuel and adding more would just be throwing good money after bad. Barry's not very familiar with tractors.
